This thread discusses the Content article: NJLP Shirt Design Pt. 1

I like the party logo but I'm thinking rather than a white T, why not that pretty blue for the whole shirt, not just the logo box? I am also wondering about the back slogan. Perhaps something more double entendre would be more appealing to wearers, such as

I'M A LOVER
OF LIBERTY

"Of Liberty" was meant to be in much smaller type so people have to get closer, maybe ask you about it.
