Volume XLI, Issue 2

## Spring 2016

### Chair's Message

The Libertarian Party is the third largest and fastest growing political party in New Jersey! We are 100% member-funded and volunteer staffed. We don't work for special interest groups, we work for the liberty and dignity of ALL New Jerseyans. [Join us today](#) to become a member and register Libertarian!

I am happy to report our membership is exploding in 2016! We grew over 26% in just 10 weeks this Spring. As a result we are receiving unprecedented media coverage including a recent interview on NBC 10 in Philadelphia.

Our organization is not comprised of scripted career politicians. We are regular working people volunteering our time and energy so our children can live in freedom and peace. If we can do this so can you!

New Jersey property taxes, income taxes, estate taxes and inheritance taxes are all among the highest in America. Due to excessive regulations we are consistently voted the worst place to start a business. We have more people leaving New Jersey than any other state. When adjusted for cost of living 30% of New Jersey now lives in poverty. Politicians have crippled our taxpayers with over \$170 billion in state debt. At \$55,550 per taxpayer that's the highest in the nation.

This is unlimited government run amok. The only future for our state is to reject the corruption and hypocrisy of both establishment parties.

We are growing so fast for a reason. It isn't because we have the most money or the most powerful political connections. It's because we're continuing a long tradition of New Jerseyans standing up for their rights.

Join us today. We're just getting started.

Thank you for your support,

Patrick MckNight  
Chair, NJLP

### Michale Graves to Perform at NJLP Picnic

by NJL News

Michale Graves, best known as the lead singer of the punk rock band The Misfits from 1995 until late 2000 is scheduled to play a few songs at our upcoming picnic. Michale answered a set of questions posed to him by the NJ Libertarian News.

*How did you come to identify as a Libertarian?*

I'm actually registered as an independent. I am pro human, pro constitution, pro liberty, pro-family and for America and our traditions and customs that make us American. Whatever category that puts me in is what I am. "I've sworn upon the altar of God eternal hostility against all forms of tyranny over the mind of man."

*What are some of the biggest misconceptions about Libertarians you've experienced?*

I find that Libertarians in some instances are seen as and portrayed as whack job preppers who are hostile to the rule of law and order and pose a danger to society. Conspiratorial crazies who cling to their bibles and guns.

*There is a stereotype that most musicians are leftists. Have you found this to be true and if so, why do you think this is?*

This is absolutely true. I would chalk it up to ignorance of facts and history in general. I think that most musicians have

a large amount of compassion and empathy for people and the world at large. That's a good thing. Most of these folks subscribe to a governing ideology and what they feel they are fighting for that flies in the face of what the true nature of our republic was based on. They lack the true understanding of what made America rich and powerful and prosperous in the first place. Their minds have been and continue to be filled with rhetoric, empty and unachievable dreams and twisted takes on history.

*New Jersey has the highest taxes and worst business climate in America. How can the Libertarian Party be a force for good here?*

By continuing to educate and inspire young and old to get involved locally and state wide. Run for office, get involved on the school boards and city council. We must take back local and state wide media as well and force them to cover issues and report on subjects that are pressing and important to the advancement of our people and state and do what the press was intended to do.

## Petitioning for Gary Johnson Presidential Campaign Underway

by *Ken Kaplan*

Petitions to get our Presidential candidate on the ballot are due on August 1<sup>st</sup>. The easiest way to get this done would be to spread the work around. This issue of the newsletter has been shortened to just a few pages so that we can send you the attached petition. Please gather the signatures of some New Jersey residents, get your petition notarized, and then mail it to the NJLP, PO Box 56, Tennent NJ 07763. If everyone who gets this newsletter collects just ten signatures we will have exceeded our goal.

If you need additional signature pages you can access them, along with a link to a guide for petitioning, at [njlp.org/uploads/petitions](http://njlp.org/uploads/petitions). If you have additional questions about petitioning please contact me at <mailto:petitions@njlp.org>. ♦

## Press Release: NJLP Demands Ballot Access Reform

by *NJLP State Board*

Trenton, NJ, June 2, 2016 - If there's one thing that the Democrats and Republicans agree on, it's that your only choice on Election Day should be between Democrats and Republicans. That's why the New Jersey Legislature has stacked the election law deck to make it as difficult as possible for an established, growing party like the New Jersey Libertarian Party compete for your vote.

The candidates selected by the Democratic and Republican parties for any office are automatically placed on the ballot. In contrast, the Libertarian Party must meet a 10% vote threshold to qualify for ballot access. (The median vote threshold in the U.S. is 2%). The last third party to meet the 10% vote threshold was over 100 years ago. As a result, the Libertarian Party must devote time and resources to collecting signatures on petitions to get our candidates on the ballot. Once we've collected the required number of signatures (in fact, we collect more), the two major parties then engage in frivolous court challenges in an attempt to prevent you from having a third choice.

But even that's not enough for them. The Democrats and Republicans further stack the deck by giving themselves the prized Column A and Column B positions on the ballot, leaving the Libertarian Party candidate in Column C or beyond. They know people are fed up with both major parties, and they are desperate to deny you any other alternative.

For the 2016 election, it's too late to urge your state representatives to level the election law playing field. But you can show your support for fair election laws in November by voting for the Libertarian Party candidate for President, along with any Libertarian Party candidates for Congress, County, or Local offices that appear on your ballot.

The NJ Libertarian Party was founded in 1972. Our vision is for a world in which all individuals have the right to exercise sole control over their lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the rights of others to live as they choose. Our goal is to build a political party that elects Libertarians to public office and moves public policy in a libertarian direction. ♦
